VUCA PRIME DASHBOARD

Rather than being **Volatile**, which can cause unpredictable disruptions, move toward having a clear Vision.

Vision: Steer through the fog with clear goals and objectives.

Rather than feeling **Uncertain**, which can lead to anxiety and hesitation, move toward gaining Understanding.

Understanding:

Break down complex scenarios into digestible bits.

Rather than dealing with **Complexity**, which can overwhelm decision-making, move toward achieving Clarity.

Clarity: Prioritize simplicity and transparency in communication.

Rather than facing **Ambiguity**, which can stall progress and innovation, move toward enhancing **Agility**.

Agility: Be ready to pivot by adapting quickly and responding to changing conditions.
